**The Drawing Room at Flemings Mayfair Hotel
echoes elegance and grace in homage to the hotel's
18th century origins.**

The refined Indian-inspired tea room welcomes guests and visitors to enjoy light refreshments and beverages all day or to imbibe wine and champagne at its small bar. The Drawing Room is also a perfect setting for a genteel afternoon tea. Working in partnership with The East India Tea Company, guests may choose from a selection of different traditional and exotic teas including a signature Flemings blend.

The room's heritage is complemented by exquisite hand-painted wall panels by famous de Gournay depicting early views of India and 'The Tree of Life' by upcoming intuitive painter Eileen Schaer. Bookcases on either side of the fireplace display a fascinating collection of art books from Assouline for guests to enjoy and peruse.

**Granted a Royal Charter by Queen Elizabeth I in
1600, The East India Company was founded to
explore the mysteries of the East.**

It discovered exotic goods, established the cities of Singapore, Hong Kong and Mumbai, impacting customs, tastes and ways of thinking - influencing the very fabric of our lives today.

The first teas brought by the Company arrived in London in the 1660's. In 1664, the Directors presented it as a gift to King Charles II and his Queen, Catherine of Braganza, taking the court and fashionable society by storm.

Today, we are proud to offer the very best of the best in tea - to delight, intrigue, inspire, surprise and refresh – authentic Earl Greys and muscatel Darjeelings, Spicy Chai and Floral Jasmynes, along with herbal infusions, green teas, white teas and more.

Flavoured Black Tea

The Staunton Earl Grey

Using an authentic recipe, first described by The East India Company officer George Staunton in the 1700's in China, this tea blends the finest Neroli and Bergamot oils to create a distinct and different Earl Grey.
